

ACOUSTIC WOOD ETFO EDITION

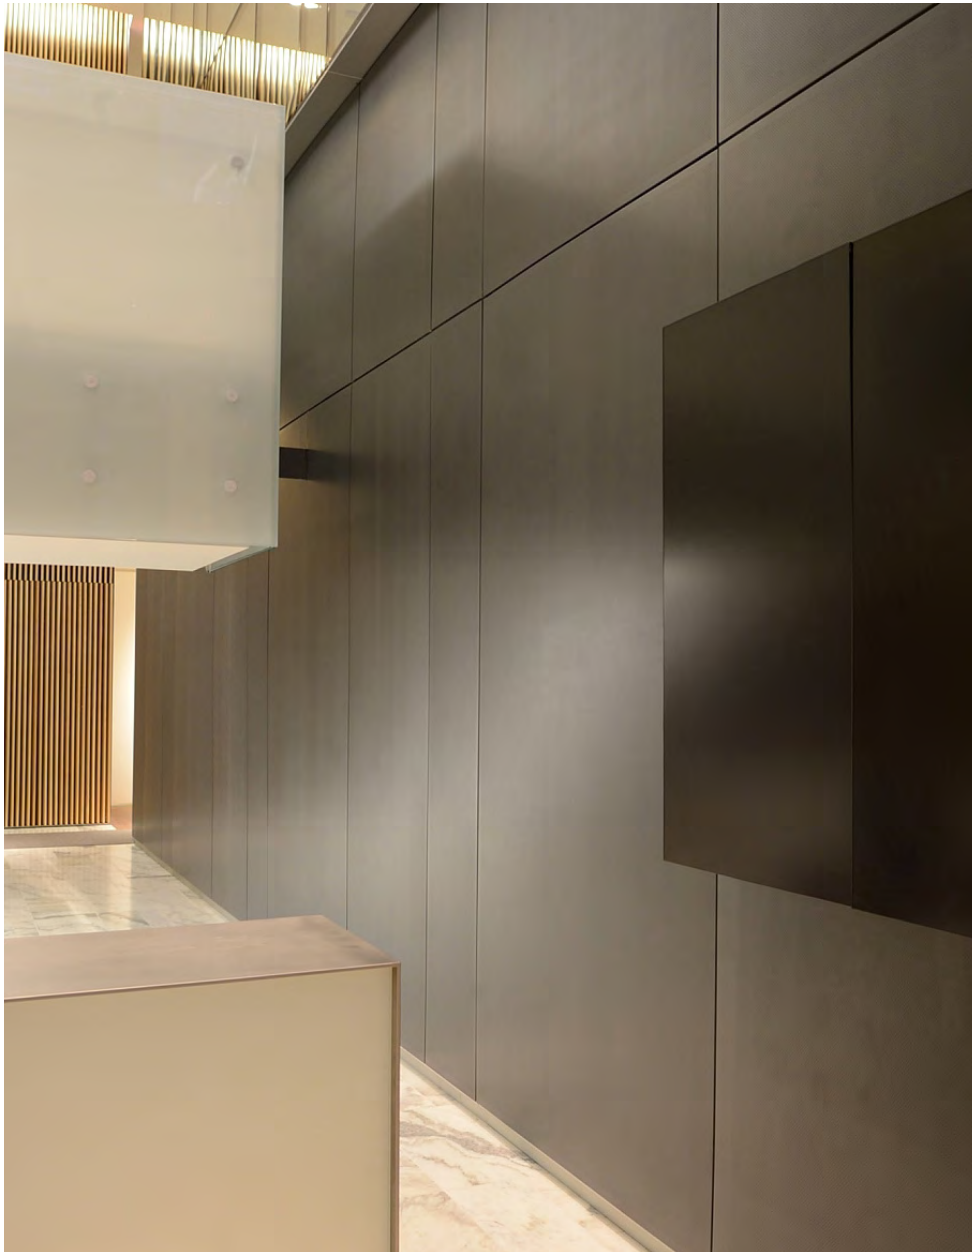

eomac wall & ceiling panels by LAMBRI

A modern office interior featuring a long, dark grey wall on the left and a glass staircase on the right. The floor is made of large, light-colored marble tiles. In the background, there is a desk with a chair and some plants.

ABOUT ETFO

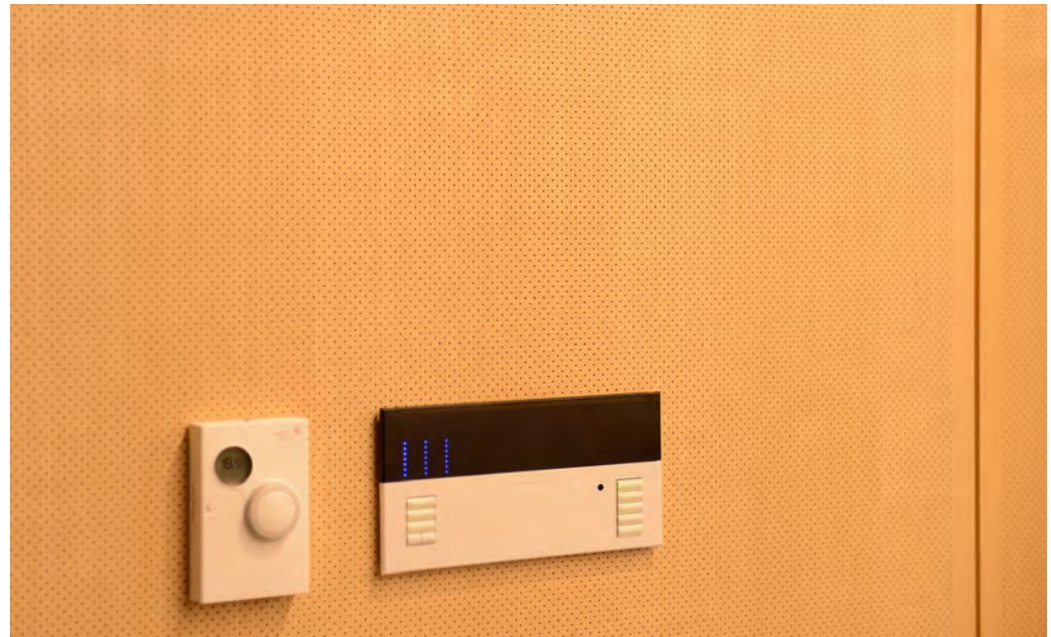

"The Elementary Teachers Federation of Ontario (ETFO) represents over 76,000 teachers and education workers in the province of Ontario, CANADA. The new Toronto office of ETFO has officially received LEED Platinum Certification, the highest environmental standard possible. The four-storey building is the first purpose-built structure in Toronto to achieve Platinum status from LEED (Leadership in Energy and Environmental Design) which sets international standards for green buildings worldwide." - kpmb.com
